About Us.

Welcome to Careli Home Medicare

At Careli Home Medicare, we are redefining home healthcare with a commitment to excellence and compassionate care.

Our Philosophy

With a focus on trust, innovation, and patient-centered solutions, we integrate modern medical practices, advanced technology, and a human touch to create a seamless healthcare experience. Whether it's skilled nursing, physiotherapy, elderly care, or virtual doctor consultations, our goal is to provide safe, reliable, and accessible care tailored to individual needs.

Vision for the Future

At Careli Home Medicare, we envision a future where quality home healthcare and online consultations are accessible to every individual across India. As we expand beyond Tamil Nadu and Pondicherry, we strive to set new standards in home-based medical services and telemedicine. By combining medical expertise with technology, we aim to create a future where healthcare is simpler, more reliable, and truly personalized.

Wherever you are in Tamil Nadu and Pondicherry, we are here to support your health journey with trust, expertise, and compassionate care. Because at Careli, your well-being comes first.

NURSING CARE AT HOME

Our professional nurses deliver personalized, compassionate care designed to meet your unique health needs, right in the comfort of your own home.

SERVICES

Daily Health Monitoring:
We track your vital signs like blood pressure, pulse, and sugar to ensure your health is maintained.

Wound Management:
Skilled care for surgical wounds, chronic wounds, and minor injuries.

Post-Surgical Care:
Specialized care after surgery to monitor healing, manage pain, and provide guidance for a smooth recovery.

Chronic Condition Management
Ongoing support for managing conditions like diabetes, hypertension, and heart disease.

Nursing Companions
Assisting with patient comfort, safety, and emotional well-being, ensuring they're never left alone during crucial moments.

PACKAGES

HOURLY
Support is available on an hourly basis

DAILY
Typically during set hours, ensuring consistent availability

MONTHLY
more focused on regular check-ins or long-term planning rather than immediate assistance

24/7 Availability
ensuring they're never left alone during crucial moments

PEACE OF MIND

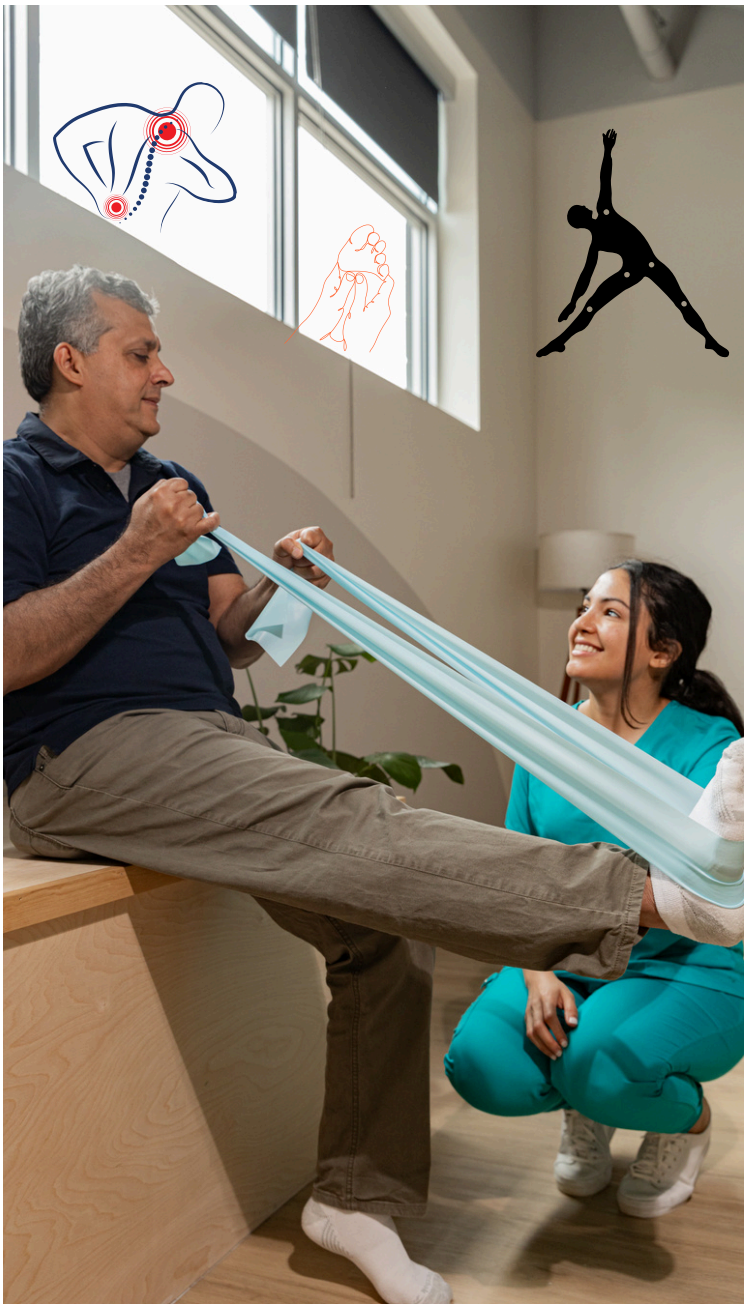

you can be confident that you or your loved one is receiving the best care possible, all while staying in the comfort of home

"Where there is love and care, healing begins."

Physiotherapy at Home

Our physiotherapists work with you to restore strength, mobility, and independence after surgery, injury, or as part of ongoing care.

SERVICES

Personalized Rehabilitation

Tailored physiotherapy programs to address specific injuries, surgeries, or health conditions.

Post-Surgery Physiotherapy

Support to regain full movement and strength following surgery, including joint, muscle, and nerve rehabilitation.

Pain Relief and Mobility Support

Techniques that relieve pain and improve mobility, ensuring you get back to your daily activities as soon as possible.

Home care for seniors

We provide personalized home care for seniors, making sure they stay safe, comfortable, and happy in their own homes. Our team is here to help with daily tasks, medical needs, and companionship, available 24/7 for support.

Daily Assistance

- Help with bathing and dressing
- Support with moving around
- Preventing falls
- Feeding assistance

Health Support

- Medication reminders and management
- Checking vital signs
- Coordinating with doctors if needed

Companionship

- Friendly conversation and emotional support
- Help with hobbies and activities
- Accompaniment to appointments and errands

Special Care

- Help for those with dementia or Alzheimer's
- Support after hospital stays
- Managing long-term illnesses
- Giving family caregivers a break

Post-Surgical Care

We know surgery can be tough, and we're here to help make your recovery as smooth and stress-free as possible. Our caring and experienced staff provide support right in your home to help you heal safely and comfortably.

Caring for Your Wound

- Our nurses gently clean and dress your wound.
- We help prevent infection and promote healing.
- We show you how to care for your wound and act quickly if any issues arise.

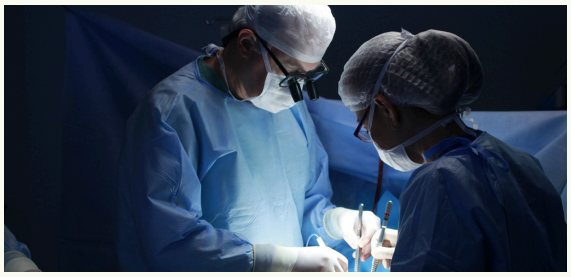

Managing Pain

- We coordinate with your doctor for the best pain relief
- Our team reminds you to take medications on time.
- We assist with ice packs and other comfort measures.
- If your pain changes, we notify your doctor.

Keeping an Eye on Your Recovery

- We monitor your healing progress regularly.
- Watch for swelling, fever, or unusual pain.
- Help you move around safely to prevent stiffness and improve circulation

Helping with Meals & Hydration

- We ensure you stay hydrated and eat nutritious meals.
- Assist with meal preparation if needed.
- Encourage fiber-rich foods to support digestion.

Medication & Companionship

- Provide emotional support and companionship.
- Help track your medication schedule and reminders
- Watch for warning signs like fever, severe pain, or trouble breathing

Mother & Baby Care

We understand that motherhood is a beautiful yet challenging journey. Our Mother & Baby Care services are designed to support new and expecting mothers, ensuring both the mother and baby receive the best possible care in the comfort of their home.

- Newborn hygiene & umbilical cord care
- Monitoring baby's sleep patterns & nutrition

- Guidance on proper breastfeeding techniques
- Lactation consultation for common issues

- Breast Pump Guidance feeding schedules.
- Twin & Multiple Birth Care

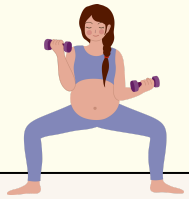

- Post-delivery wound care (C-section or normal delivery)
- Nutritional counseling for post-pregnancy recovery

- Emotional & mental support (postpartum depression care)
- Pelvic floor & postpartum exercise guidance

- Prenatal health check-ups & doctor consultations
- Diet & nutrition counseling for healthy pregnancy
- Gestational diabetes & blood pressure monitoring

- Safe exercise & prenatal yoga recommendations
- Birth preparation & labor management tips

- Guidance on vaccines for babies
- Follow-up reminders for upcoming vaccinations

- Infant Growth Monitoring —tracking weight, height, & developmental milestones to ensure healthy growth.

Palliative & Hospice Care

We provide compassionate palliative and hospice care to enhance comfort and quality of life for individuals facing serious illnesses. Our goal is to support both patients and their families through personalized care and emotional support.

COMFORT & SYMPTOM MANAGEMENT

- We focus on reducing pain and discomfort.
- Our team provides relief for symptoms like nausea, breathlessness, and fatigue.

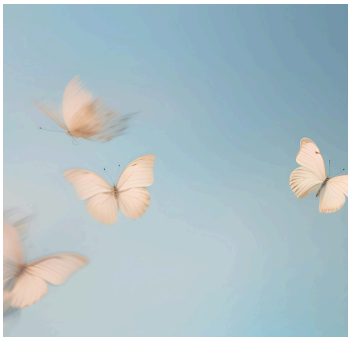

EMOTIONAL & SPIRITUAL SUPPORT

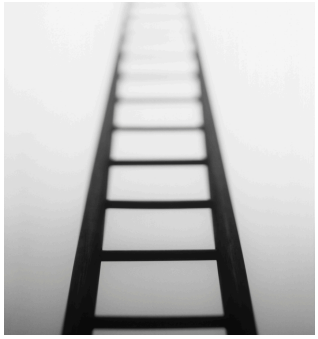

- We offer companionship and counseling for patients and families.
- We work closely with spiritual advisors if requested.

FAMILY GUIDANCE & ASSISTANCE

- Help families navigate care decisions with empathy and clarity.
- Provide caregiver education and respite care.

DIGNIFIED END-OF-LIFE CARE

- Every moment matters. We ensure dignity, comfort, and peace in the final journey
- Support patients in spending meaningful time with loved ones.

Chronic Disease Management at home

Living with a chronic condition can be challenging, but you don't have to manage it alone.

Diabetes & Hypertension Care

- Regular monitoring of blood sugar and BP
- Guidance on diet and lifestyle changes
- Medication reminders & insulin support
- Foot care
- Online consultations

Kidney Disease & Dialysis Support

- Pre- and post-dialysis care at home
- Monitoring fluid balance & blood pressure
- Nutritional advice to support kidney health

Respiratory Care (COPD, Asthma & More)

- Home oxygen therapy & respiratory support
- Nebulization & inhalation therapy
- Chest physiotherapy to clear mucus
- Emergency doctor-on-call services

Pain & Palliative Care

- Pain relief through therapy
- Psychological support for patients & families
- Help with hygiene, mobility & daily needs
- Wound care & pressure sore prevention
- Home-based palliative care for compassionate end-of-life support

Medical Equipment & Diagnostics

We bring advanced medical care to your doorstep by offering home sample collection, medical equipment rentals, and diagnostic services. Whether you need routine lab tests, specialized monitoring, or essential medical devices, we ensure convenience, accuracy, and reliability in every service.

Rent & Setup of Medical Equipment

For patients recovering at home or managing chronic conditions, we provide medical equipment on rent or purchase with expert guidance on usage.

- Hospital beds & patient monitors
- Oxygen concentrators & BiPAP/CPAP machines
- Wheelchairs, walkers & mobility aids
- Nebulizers & suction machines
- Infusion pumps & IV stands

Home Sample Collection for Lab Tests

Avoid long waits at diagnostic centers—our trained professionals collect samples from the comfort of your home.

- Blood tests
- Urine & stool analysis
- Hormonal & fertility testing
- Cancer marker tests
- Timely reports with online access

Doctor Home Visit

When visiting a clinic isn't an option, Careli Doctor Home Visit brings expert medical care right to you. Whether it's for elderly patients, post-surgical recovery, our trusted doctors ensure professional, personalized care in the comfort of your home.
